

# More beauty collagen, please!

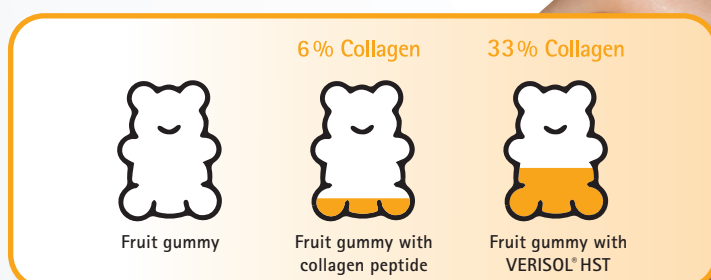

## ! VERISOL® HST – Next generation beauty gummies

Rising demand for fortified gummies!

Source: Innovadatabase

VERISOL® HST allows higher collagen  
concentration in gummies

### Key Advantages:

- Replacement of gelatin and collagen peptides by VERISOL® HST
- Easy production of beauty gummies with a high collagen content
- Formation of clear solutions
- Free of lumps
- No foaming
- No dust formation
- Perfect texture and taste

# Healthy but tasty, please!

## VERISOL® HST – Consumers love it ...

### Guilt-free pleasures

- Natural
- Purine free
- Lactose free
- GMO free
- Clean label – no E-numbers
- Non allergenic

### Create what consumers love!

- Health Benefits
- Right Texture
- Nice Appearance
- Great Taste
- Perfect Mouthfeel
- Pleasure

## ... Food manufacturers too!

### Hassle-free production

- Just exchange the current gelatin
- Existing mogul lines can be used
- Sinks quicker to the ground and therefore shows less foaming
- Less air "trapped" on the particle surface
- Clear dissolution
- Easy depositing
- Less dust in production area
- Less storage capacity required
- Easier handling (one ingredient vs. two)
- Easy recipe adoption
- Reduced complexity

Let's create tomorrow's  
successful product ideas together!
